

Focus Groups: "Role of EMS"

Are you interested in discussing what the role of EMS is within our healthcare system and what it ought to be?

EMS is a basic part of every community's health care system. What is the essence of its role? Some communities are looking to expand the role of EMS to serve unfilled needs in their community. We want to know your interests and concerns about how expanding the role of the EMS system will affect providers like you.

We are seeking current EMS providers to join Focus Groups to discuss these issues.

When: Session A: Friday, June 21st 2p-4p
Session B: Tuesday, July 2nd 1:30p-3:30p

Where: Mount Sinai Medical Center (100th St. & Madison Ave.)

Participants will receive \$25.

Refreshments will be Served!

If you would like to participate in a Focus Group, please call 212-824-8062 or e-mail eunice.wright@mountsinai.org
